Style

A diagram illustrating the concept of line-height. It features a horizontal rectangle divided into three sections: a top light blue header, a middle dark blue content area, and a bottom light blue footer. The word "Style" is centered in the dark blue area. To the left of the rectangle, a green double-headed vertical arrow spans the height of the entire rectangle (header, content, and footer), with the label "line-height" to its left. A red double-headed vertical arrow is positioned to the right of the green one, spanning only the height of the dark blue content area, with the label "16px" to its right.

line-height: **normal**;

line-height

Style

line-height: 1

A diagram illustrating the concept of line-height: 1. It features a dark blue rectangular box with the word "Style" written in white serif font. The box is bounded by two thin purple horizontal lines. To the left of the box, a green double-headed vertical arrow indicates the height of the text, which is equal to the height of the box, demonstrating a line-height of 1.
